UCPath Alert: FAU Validation Service Disruption

To: General UCPath Communications distribution

UCPath is experiencing an issue with the FAU validation (I-370) process. The team is working to restore the FAU validation services.

Impact:

- All GL processes that use the FAU validation process will fail including direct retros, funding entry, department budget validation, etc.

We will provide updates when information becomes available.

We apologize for any inconvenience.

Thank you,
UCPath
