Did You Know? Employees can see their leave balances in UCPath

- Active employees will see eligible / available accruals including vacation, PTO, sick, etc.
- Employees on an intermittent leave will see additional balances for CFRA and FMLA
- These balances will display for the entire year of leave
  - Example: an employee who returns May 2021 will see these balances through December 2021
- Balances are refreshed once a month. Refer to the Payroll Processing Schedule and look at the column “Leave Accrual Available on UCPath” for the date the balances are updated.
