## **UCPath Alert: Service Disruption – Phone System**

To: General UCPath Communications distribution

UCPath is experiencing a phone system outage preventing inbound/outbound calls and callbacks.

Employees and transactors may continue to contact UCPath by using “Ask UCPath” to submit an inquiry or by initiating a CHAT session via UCPath online.

We are working diligently to resolve the phone issue and will provide additional information when it is available.

We apologize for any inconvenience.

Thank you,  
UCPath
