Emeritus Faculty will have access to UCPATH as without salary (WOS) appointees to allow for access to UCR Systems. They will have the ability to update personal data such as: address, email, phone, etc.

In addition, direct deposit can be entered for any honorarium or other payments as Emeritus Faculty or recall appointments as applicable.

Starting December 5, 2017, AYSO will become view-only for functions that are moving to UCPATH.
